

Is consent required for publication of medical errors?

September 21, 2009

Weisbaum K, Hyland S, Bernstein M. Is consent required for publication of medical errors? Healthc Q. 2005;8(4):66-9.

<https://psnet.ahrq.gov/issue/consent-required-publication-medical-errors>

The authors argue that, under certain conditions, publication of patient information without consent can be justified for the purposes of learning from medical errors.
