

Effective strategies to increase reporting of medication errors in hospitals.

June 25, 2010

Force MVO, Deering L, Hubbe J, et al. Effective strategies to increase reporting of medication errors in hospitals. J Nurs Adm. 2006;36(1):34-41.

<https://psnet.ahrq.gov/issue/effective-strategies-increase-reporting-medication-errors-hospitals>

The authors report on the success of a program implemented to build a nonblame culture and encourage self reporting of medication errors.
