

Standardizing a Patient Safety Taxonomy.

October 11, 2016

Washington, DC: National Quality Forum; 2006.

<https://psnet.ahrq.gov/issue/standardizing-patient-safety-taxonomy>

In this report, the [National Quality Forum](#) presents four consensus standards that support the application of the Joint Commission on Accreditation of Healthcare Organizations' Patient Safety Event Taxonomy—a standardized framework for classifying patient safety data.
