

## Sentinel Event Data Summary.

April 4, 2024

Joint Commission.

<https://psnet.ahrq.gov/issue/sentinel-event-statistics-1995-2019>

---

This website provides [sentinel event](#) data reported to The Joint Commission, which includes information on sentinel events reported from January through December 2023. [Falls](#), wrong surgery and [unintended retained foreign bodies](#) were among the most frequently submitted incidents in this time period. The data and graphs are updated regularly and include a 10 year trend analysis and specific analysis associated with event source by year from 2013 through 2023.
