

Side errors in neurosurgery.

December 22, 2010

Mitchell P, Nicholson CL, Jenkins A. Side errors in neurosurgery. Acta Neurochir (Wien). 2006;148(12):1289-92; discussion 1292.

<https://psnet.ahrq.gov/issue/side-errors-neurosurgery>

The authors interviewed surgeons involved in wrong-site incidents and found that the [errors](#) of omission were primarily due to distractions in the operating environment.
