

When good doctors go bad: a systems problem.

March 3, 2011

Leape L. When good doctors go bad: a systems problem. *Ann Surg.* 2006;244(5):649-652.

<https://psnet.ahrq.gov/issue/when-good-doctors-go-bad-systems-problem>

The author discusses the responsibilities of physicians to help monitor colleagues who may be impaired, physically ill, less than competent, or disruptive.
