

Establishing a simulation center for surgical skills: what to do and how to do it.

October 6, 2011

Haluck RS, Satava RM, Fried G, et al. Establishing a simulation center for surgical skills: what to do and how to do it.

<https://psnet.ahrq.gov/issue/establishing-simulation-center-surgical-skills-what-do-and-how-do-it>

Previously presented as a hands-on course, this article summarizes how to develop a training program that uses both physical and computerized simulation.
