

## **Perinatal clinical decision support system: a documentation tool for patient safety.**

December 15, 2011

Provost C, Gray M. Perinatal clinical decision support system: a documentation tool for patient safety. Nurs Womens Health. 2007;11(4):407-10.

<https://psnet.ahrq.gov/issue/perinatal-clinical-decision-support-system-documentation-tool-patient-safety>

---

The authors describe how their institution implemented a [decision support](#) system, discuss the barriers they encountered, and highlight the safety performance improvements that resulted from the use of the system.
