

A theoretical framework and competency-based approach to improving handoffs.

March 23, 2011

Arora VM, Johnson JK, Meltzer DO, et al. A theoretical framework and competency-based approach to improving handoffs. Qual Saf Health Care. 2008;17(1):11-4. doi:10.1136/qshc.2006.018952.

<https://psnet.ahrq.gov/issue/theoretical-framework-and-competency-based-approach-improving-handoffs>

This commentary describes one hospital's effort to evaluate transitions of care after implementing a night float service and recommends improving education and communication regarding handoffs.
