

Suicide in the medical setting.

September 19, 2016

Ballard ED, Pao M, Henderson D, et al. Suicide in the medical setting. *Jt Comm J Qual Patient Saf.* 2008;34(8):474-481.

<https://psnet.ahrq.gov/issue/suicide-medical-setting>

This review sought to differentiate suicides in hospitalized medical patients from suicides in psychiatric patients or the general population. Finding a shortage of detailed data, the authors call for more comprehensive research on in-hospital suicides to inform prevention strategies.
