

Serious Adverse Events Reports.

October 3, 2017

The Quality Improvement Committee. Wellington, New Zealand; 2006-2013.

<https://psnet.ahrq.gov/issue/serious-adverse-events-reports>

Considered a starting point for a national reporting initiative, this series of annual reports provides statistics on serious and sentinel events in New Zealand's 21 District Health Boards. The reports aim to encourage transparency in New Zealand medical practice and bolster knowledge to prevent future errors.
