

Unintended errors with EHR-based result management: a case series.

March 4, 2011

Yackel TR, Embi P. Unintended errors with EHR-based result management: a case series. J Am Med Inform Assoc. 2010;17(1):104-7. doi:10.1197/jamia.M3294.

<https://psnet.ahrq.gov/issue/unintended-errors-ehr-based-result-management-case-series>

The authors identify errors that may occur with electronic [test result](#) systems and describe improvement strategies to address such failures.
