This site provides data and analysis from two [Oregon Patient Safety Commission](#) patient safety initiatives: the Patient Safety Reporting Program (PSRP) and Early Discussion and Resolution (EDR) effort. The latest PSRP report discusses the Commission's collaborative efforts in 2023 to implement changes that modernize their data analysis system and infuse [equity](#) across their processes. The 2024 EDR analysis discusses the importance of transparency to motivate progress after a patient safety incident occurs.
