

In-home medication reviews: a novel approach to improving patient care through coordination of care.

November 2, 2011

Willis JS, Hoy RH, Jenkins WD. In-home medication reviews: a novel approach to improving patient care through coordination of care. J Community Health. 2011;36(6):1027-31. doi:10.1007/s10900-011-9405-3. <https://psnet.ahrq.gov/issue/home-medication-reviews-novel-approach-improving-patient-care-through-coordination-care>

This study found that trained undergraduate student volunteers were able to complete important medication [reviews](#) for patients as part of an in-home outreach program.
