

Teaching medical error apologies: development of a multi-component intervention.

July 6, 2011

Gillies RA, Speers SH, Young SE, et al. Teaching medical error apologies: development of a multi-component intervention. Fam Med. 2011;43(6):400-6.

<https://psnet.ahrq.gov/issue/teaching-medical-error-apologies-development-multi-component-intervention>

This educational intervention taught [error disclosure](#) to first-year medical students and found that their confidence and comfort around [engaging](#) in apology behaviors increased.
