

Catching and correcting near misses: the collective vigilance and individual accountability trade-off.

April 11, 2012

Jefferies LP, Lingard LA, Berta W, et al. Catching and correcting near misses: the collective vigilance and individual accountability trade-off. *J Interprof Care*. 2012;26(2):121-6. doi:10.3109/13561820.2011.642424. <https://psnet.ahrq.gov/issue/catching-and-correcting-near-misses-collective-vigilance-and-individual-accountability-trade>

Detection and prevention of near misses depend on a balance between individual accountability and collective vigilance, according to interviews with clinicians of different disciplines at an academic medical center.
