

Personalised performance feedback reduces narcotic prescription errors in a NICU.

March 27, 2013

Sullivan KM, Suh S, Monk H, et al. Personalised performance feedback reduces narcotic prescription errors in a NICU. *BMJ Qual Saf.* 2013;22(3):256-62. doi:10.1136/bmjqs-2012-001089.

<https://psnet.ahrq.gov/issue/personalised-performance-feedback-reduces-narcotic-prescription-errors-nicu>

A quality improvement project that included personalized, real-time feedback on [medication prescribing errors](#) successfully reduced narcotic prescribing errors and identified numerous avenues for system improvement.
