

Eliminating CAUTI: Interim Data Report: A National Patient Safety Imperative.

October 9, 2013

Rockville, MD: Agency for Healthcare Research and Quality; July 2013. AHRQ Publication No. 13-0071-EF.

<https://psnet.ahrq.gov/issue/eliminating-cauti-interim-data-report-national-patient-safety-imperative>

This report provides preliminary outcome data from a six-cohort collaborative that used the [comprehensive unit-based safety program](#) and associated [tools](#) to prevent catheter-associated urinary tract infections (CAUTI). The early data show a decrease in the overall rate of CAUTI, with a more striking decrease in non-intensive care unit settings than in ICU settings.
