The [TeamSTEPPS](#)[®] program was developed to support effective communication and teamwork in health care. The curriculum offers training for participants to implement TeamSTEPPS[®] in their organizations. The 3.0 version of the material has an increased focus on [patient engagement](#) and a broader range of clinical, administrative and leadership roles. The course includes updated evidence reviews, trainer guidance, [measurement](#) tools, a pocket guide quick reference to key TeamSTEPPS[®] concepts and tools, and new patient videos.
