

Adverse events in hospitalized paediatric patients: a systematic review and a meta-regression analysis.

December 15, 2014

Berchiolla P, Scaioli G, Passi S, et al. Adverse events in hospitalized paediatric patients: a systematic review and a meta-regression analysis. J Eval Clin Pract. 2014;20(5):551-8. doi:10.1111/jep.12141.

<https://psnet.ahrq.gov/issue/adverse-events-hospitalized-paediatric-patients-systematic-review-and-meta-regression>

This systematic review found that [adverse events](#) among [hospitalized children](#) are frequent, and similar to prior studies, a significant proportion were preventable. These findings suggest that prevention and detection strategies should be prioritized.
