

Characteristics associated with postdischarge medication errors.

August 14, 2014

Mixon A, Myers AP, Leak CL, et al. Characteristics associated with postdischarge medication errors. Mayo Clin Proc. 2014;89(8):1042-51. doi:10.1016/j.mayocp.2014.04.023.

<https://psnet.ahrq.gov/issue/characteristics-associated-postdischarge-medication-errors>

Postdischarge medication errors occurred in nearly half of patients hospitalized for acute coronary syndromes or congestive heart failure, with errors more likely to occur in patients with limited health literacy or [numeracy](#).
