

AHRQ Impact Case Studies: Patient Safety.

October 30, 2023

Agency for Healthcare Research and Quality. 2019-2023.

<https://psnet.ahrq.gov/issue/ahrq-impact-case-studies-patient-safety>

AHRQ supports the development and testing of various resources for health care organizations to implement as safety improvement strategies. This collection of case studies highlights AHRQ-funded patient safety tools, including the [Comprehensive Unit-based Safety Program](#), [Re-Engineered Discharge Toolkit](#), and [patient safety culture surveys](#), to document their successful use in the field.
