

Trends and patterns in reporting of patient safety situations in transplantation.

February 10, 2016

Stewart DE, Tlusty SM, Taylor KH, et al. Trends and Patterns in Reporting of Patient Safety Situations in Transplantation. Am J Transplant. 2015;15(12):3123-33. doi:10.1111/ajt.13528.

<https://psnet.ahrq.gov/issue/trends-and-patterns-reporting-patient-safety-situations-transplantation>

This is the first published report of patient safety issues identified by the national Organ Procurement and Transplantation Network. More than half of transplant centers did not report a single safety event to the [voluntary](#) national database, signifying substantial [underreporting](#).
