

Southern Baptist Hospital of Florida v. Charles.

December 27, 2018

Fla Ct App, 1st Dist. October 28, 2015.

<https://psnet.ahrq.gov/issue/southern-baptist-hospital-florida-v-charles>

The [Patient Safety and Quality Improvement Act](#) (PSQIA) provides federal protection of adverse event reports voluntarily submitted to [patient safety organizations](#) in an effort to enable [disclosure](#) and subsequent discussion of error to enhance learning from errors. This case tested the ability of the federal law to block access to such reports when conflicting with state laws in [Florida](#). The court found that PSQIA provided appropriate protection for the records.
