

Healthcare professionals' views on feedback of a patient safety culture assessment.

September 7, 2016

Zwijnenberg NC, Hendriks M, Hoogervorst-Schilp J, et al. Healthcare professionals' views on feedback of a patient safety culture assessment. BMC Health Serv Res. 2016;16:199. doi:10.1186/s12913-016-1404-8. <https://psnet.ahrq.gov/issue/healthcare-professionals-views-feedback-patient-safety-culture-assessment>

[Safety culture](#) is critical to patient safety improvement efforts. According to this survey, health care professionals found that reviewing their own results on the [AHRQ Hospital Survey on Patient Safety Culture](#) was useful. However, not all respondents knew what actions they could take to improve safety culture.
