

Building comprehensive strategies for obstetric safety: simulation drills and communication.

November 1, 2017

Austin N, Goldhaber-Fiebert SN, Daniels K, et al. Building Comprehensive Strategies for Obstetric Safety: Simulation Drills and Communication. *Anesth Analg*. 2016;123(5):1181-1190.

<https://psnet.ahrq.gov/issue/building-comprehensive-strategies-obstetric-safety-simulation-drills-and-communication>

Most safety improvement interventions in [obstetrics](#) do not reflect insights from anesthesia providers. This commentary discusses how one hospital drew from the [patient safety expertise](#) of anesthesiologists and used [simulation](#) and communication interventions in its [labor and delivery](#) unit.
