

Patient Safety.

May 22, 2019

National Pharmacy Association; NPA.

<https://psnet.ahrq.gov/issue/patient-safety-15>

This website for independent [community pharmacy](#) owners across the United Kingdom features both free and members-only guidance, reporting platforms, and document templates to support patient safety. It includes reporting tools and incident analysis reports for providers in England, Scotland, and Northern Ireland. Topics covered in the communications include [look-alike and sound-alike drugs](#), patient safety audits, and safe dispensing of [liquid medications](#).
