

Sharing lessons learned to prevent adverse events in anesthesiology nationwide.

August 21, 2019

Soncrant C, Neily J, Sum-Ping SJT, et al. Sharing Lessons Learned to Prevent Adverse Events in Anesthesiology Nationwide. J Patient Saf. 2021;17(4):e343-e349. doi:10.1097/PTS.0000000000000616. <https://psnet.ahrq.gov/issue/sharing-lessons-learned-prevent-adverse-events-anesthesiology-nationwide>

The authors describe the results of a survey of anesthesiology chiefs designed to understand their perceptions of the Veterans Health Administration efforts surrounding the [lessons learned](#) process for [adverse events](#) occurring in anesthesia. Of participants who had been aware of lessons learned, 90% shared them with staff and 75% described changing or reinforcing safety behaviors.
