

## Improved medication management with introduction of a perioperative and prescribing pharmacist service.

August 12, 2020

Nguyen AD, Lam A, Banakh I, et al. Improved medication management with introduction of a perioperative and prescribing pharmacist service. J Pharm Pract. 2020;33(3):299-305. doi:10.1177/0897190018804961. <https://psnet.ahrq.gov/issue/improved-medication-management-introduction-perioperative-and-prescribing-pharmacist-service>

---

This study evaluated the impact of the PeRiopErative and Prescribing (PREP) pharmacist, who is responsible for obtaining the [best possible medication history](#) and preparing discharge prescriptions. Results indicate that the inclusion of the PREP pharmacist on the multidisciplinary surgical team improved the [accuracy](#) of medication histories, inpatient prescribing, and discharge prescriptions for high-risk patients.
