

Linking patient safety culture to quality ratings in the nursing home setting.

December 9, 2020

Yount N, Zebrak KA, Famolaro T, et al. Linking Patient Safety Culture to Quality Ratings in the Nursing Home Setting. J Appl Gerontol. 2021;41(1):73-81. doi:10.1177/0733464820969283.

<https://psnet.ahrq.gov/issue/linking-patient-safety-culture-quality-ratings-nursing-home-setting>

Based on data from [Nursing Home Compare](#) and a [national survey](#) on patient safety culture in nursing homes, the authors found that nursing homes with better patient safety cultures tend to have higher quality ratings, which is [consistent](#) with other earlier findings.
