---

This three-part series offers an in-depth look into the core values of honesty, transparency, and trust. Part 1, Promoting [Professionalism](#), introduces interventions to increase provider professionalism. Part 2, Communication and Transparency, describes the commitment to honesty and [transparency](#) across the continuum of the patient-provider relationship. Part 3, Health Professional Wellness, describes the [impact](#) of harm on providers and offers recommendations for restoring wellness and joy in work.
