

## Perception of feeling safe perioperatively: a concept analysis.

June 7, 2023

Larsson F, Strömbäck U, Rysst Gustafsson S, et al. Perception of feeling safe perioperatively: a concept analysis. *Int J Qual Stud Health Well-being*. 2023;18(1):2216018. doi:10.1080/17482631.2023.2216018. <https://psnet.ahrq.gov/issue/perception-feeling-safe-perioperatively-concept-analysis>

---

Patients expect to "[feel safe](#)" in healthcare settings. This [concept analysis](#) describes defining attributes (participation, control, presence) of patients in the perioperative environment. Through a series of cases that include all, some, or none of the safety attributes, the authors illustrate the concept of [patients](#) "feeling safe" in the perioperative environment.
