

The delivery of safe and effective test result communication, management and follow-up.

September 27, 2023

Georgiou A, Li J, Thomas J, et al. The delivery of safe and effective test result communication, management and follow-up. Public Health Res Pract. 2023;33(3):e3332324. doi:10.17061/phrp3332324. <https://psnet.ahrq.gov/issue/delivery-safe-and-effective-test-result-communication-management-and-follow>

Several [systemic](#) factors may hinder communication of test results to patients and clinicians. This article describes a research project in Australia, "Delivering safe and effective test result communication, management and follow-up." Along with previously identified test result communication challenges such as [workflow](#) and [technology](#), this paper highlights the need for national thresholds for critical laboratory results.
